Here is the format...I think you can use the last Bishop paper as a start and update as appropriate.

The attachment is an odd link. Let me know if you can't read it.

Thanks

Hi – Several months ago Maya Van Rossum came into EPA and talked about the Bishop Tube Site (PA) to us. I can't remember if either of you were in your position at that time but I do remember Site Assessment was present. Cos wants to call the Township and get a status of what is going on. In preparation, he is requesting a one page briefing paper. Can you have your staff put a paper together with their most recent information. Please send it to LaRonda, Karen, and I. Thanks
